Chapter 1 by AnimePup Paws

Give reasons why you prefer nerds over to geeks or vice versa.

Also, I suggest you go on https://www.youtube.com/watch?v=2Tvy_Pbe5NA to secure your answer.

If you are both, then you can just say BOTH!

I am definitely a nerd. I skipped kindergarten and I am considered one of the smartest people in my class. Yippee!

I'll make the last chapter to see which team won...I'm guessing geeks will win, 'cause there are more geeks than nerds inside the world, huh?

Vote!

Chapter 2 by That Grammar Geek

Um... I don't know if I'm a geek or a nerd. I am a geek at heart, but a nerd at brain. I was the only one in the entire COUNTY to score a perfect six on a VERY hard writing test, especially for fourth grade. Out of 100 students, I am in the ninety-ninth percentile, which means I am smarter than ninety-eight out of one hundred kids.

Don't lie and say that you are in the 100th percentile. You're not.
